

CANDIDATE STATEMENT/BIO

Candidate: Phillip Nickerson for HARTNELL Board of Trustee area 6

Occupation Crisis Counselor (retired)

CANIDATE STAEMENT

As a trustee, I would like to see Hartnell involved more in community, programs that help to foster community interaction with the residents of the county. Programs that would be mutually financial beneficial to both.

Continue to allow Alumni involvement to the degree they are willing to invest. Work with grant writers to help facilitate the funding needs.

I believe we are headed in the right direction with the events that have been done; we need more of them. Working with the businesses that we already partner with to create opportunities for graduates to transition to a career. I also believe volunteering is a huge part of transitions to careers, allowing students to gain valuable experience
