

~~Rebuttal to Measure Q~~

RS Rebuttal to argument in favor of Measure Q

"Q" is for questions.

Measure Q has too many unanswered questions.

All children deserve quality care. Measure Q is not the answer.

Why does First 5 Monterey County need an additional \$5.5M per year when they have been amply funded since 1998 with Proposition 10 taxpayer funds and have over \$8M in unused cash on their books?

Why have the proponents cherry-picked more than 42,000 (nearly 1/3) of all Monterey County parcel owners to be exempt from this property tax increase while the elderly, poor, single-parent and most veteran property owners will be taxed?

Why should certain industries be exempt from the parcel tax when according to the Measure, their employees will benefit most?

Why is there no provision in the measure to give monies directly to families to offset the high cost of childcare and preschool of their choice?

Why should you trust the care of your child to the government during their most formative early learning years?

Read Measure Q carefully. Measure Q contains no written plan for how the money will be spent and a plan may not be developed for years.

Measure Q funds may be used to offset reductions from any other revenue source.

Measure Q funds First 5 Monterey County. But First 5 doesn't provide childcare or preschool. They simply provide resource information for services.

This Measure never promises to lower childcare or preschool costs for families in Monterey County. It promises to raise property taxes. It grows government.

Vote NO on Measure Q!
