

Bill Lipe

AG: 55

Born and raised in District 5, Monterey County, I've dedicated my life to serving our community. After over a decade in Information Technology in the Bay Area, I returned in 2007 to join our family's agriculture business. My journey has led me to significant roles in local governance and environmental stewardship, including the Monterey County Farm Bureau, the Agricultural Advisory Committee, the Salinas Valley Basin Groundwater Sustainability Agency, and the Monterey County Water Resources Agency Basin Management Advisory Committee. Presently, I serve on the Resource Conservation District of Monterey County and the Reservoir Operations Advisory Committee.

My extensive experience in solving complex water issues in the Salinas Valley equips me to tackle District 5's pressing water security challenges. I'm committed to bringing the same consensus-driven approach to enhance our district's water resilience.

Beyond environmental concerns, I aim to address broader community needs: improving educational outcomes, increasing affordable housing, ensuring fiscal responsibility across all County Departments, including our Sheriff's Department. My diverse expertise positions me uniquely to enhance the quality of life in our district while maintaining its natural beauty.

With a blend of technical acumen and deep local understanding, I am ready to bring effective, solution-oriented leadership to District 5.

Occupation: ~~B~~ Businessman / Water Advocate
