

Name: Kate Daniels

Age: 49

Occupation: Monterey County Planning Commissioner and Policy Advisor to Senator John Laird

Born and raised in Monterey County, I've dedicated my life to fighting for our community. My experiences and history help me understand what is at stake for Monterey County residents at this critical point in time. As County Planning Commissioner, I've helped guide the growth of our county to create much needed housing and a better living environment. As Policy Advisor to State Senator John Laird, I am working to bring a sustainable water supply to our county. As Chief of Staff to Supervisor Mary Adams, I worked to prevent the threat of wildfires and promote public safety. As Executive Director of a nonprofit, I helped women and families with children move from homelessness to permanent housing.

I'm running for District 5 Supervisor because more is possible for Monterey County.

As Supervisor, I will bring the vision and leadership we need to build housing for all community members; ensure we have a long-term, sustainable, and affordable water supply; and protect our community from wildfires, floods, and other natural disasters.

I have the endorsement of ten current and former Supervisors including Mary Adams and Congressman Sam Farr. For more information about my qualifications and endorsements, visit [www.kate.vote](http://www.kate.vote).
